VENEZIA  
GRAPHITE GARDEN

VENEZIA WENGE

VENEZIA WHITE

Unique, refreshing design of side panels in elegant shades of grey is an unforgettable decorative element of the VENEZIA Graphite Garden. It pairs up beautifully with the snow white of the cabinet fronts, giving the space a clean and sophisticated appearance. For those who prefer a more traditional look, VENEZIA Series also includes cabinets in wenge and white.

VENEZIA Series offers the possibility of achieving two distinct looks, one by setting the furniture on the bathroom floor for a classic appearance, the other by hanging it on the walls for a modern, light feel. It makes cleaning a breeze!!

The option of hanging the doors on either side gives the freedom to arrange the bathroom space in a creative manner.
